## Maddox-Wagner Unhappy; City Clerk Ordinance Fails

INCLUDING 2 TIE GAMES in their schedule and four practice games prior to season beginning, the Braves won 17 consecutive games before their first loss. Members of the team include: Left to right, front row: Paul Porter, David Groff, Mel Weatherly, Rex Nielsen, Ted Bohler, David Holcomb, Alan Nielsen. Standing: Don Bradley, coach; Bart Bradley, Don Groff; Mr. Roess, sponsor; John Cowan; Clara Groff, team mother; Charlie Bowman, John Fletcher, John Wagner, and manager, Bob Jones.

### Braves Will Represent Our City

The Major League Braves will be representing the City of Sierra Madre in the Pasadena City Championship Little League Tournament. The Braves have a tight hold on first place in the Major League standings with 12 wins and one loss. They are five games ahead of the second place Cubs who have nine wins and six losses.

The tournament will be a double elimination affair which means a team must lose two games before it is eliminated. The games will be played at Victory Park in Pasadena beginning on July 5. Weeknight games will begin at 5:45 p.m.

The Braves will be competing against teams representing the East Pasadena, West Pasadena, Central Pasadena, Pasadena, Southwest Pasadena, East Altadena and San Marino Leagues.

Cosponsoring the Braves are Roess Market and Arnold's Hardware; Bob Jones is manager and Don Bradley is coach.

### Hearings On Budget Now In Progress

The City Council met in "study session" Monday evening at the hour of 8 p.m. for the budget for the coming year of 1967-68.

This was the second "go round" and the time was spent mostly in determining if the anticipated receipts were as accurate as possible, some justifications were noted and made.

The preliminary budget presented by City Administrator Darwin Dennis, showed an increase in the tax levy of 11.6 cents per \$100 valuation, which, of course will have much justification, reductions and increases before its deadline presentation of the final budget to be finalized the forepart of August and sent to the Tax Collector.

The next budget session will be Thursday evening, June 29, and according to Mayor King all parties interested in the budget are encouraged to attend and be heard if they desire to speak.

### A Ditty Bag for Every Man

### Help Needed for Vietnam Men for This Christmas

When Christmas comes in Vietnam this year, the American National Red Cross hopes every U. S. serviceman in the conflict area will have a package from home.

To make this possible, Red Cross project, Shop Early 1967, is already underway with the Pasadena Chapter and its five branches in the

San Gabriel Valley promising to supply 2,000 Christmas ditty bags of gifts. These must be on the way overseas by Sept. 1.

### Mountain Rescue Made By SM Team

by BILL WARK

A seriously injured High Sierra mountain climber and a stranded young companion were rescued from the icy slopes of upper Big Pine Creek south of Bishop Monday afternoon, by members of the Sierra Madre Search and Rescue Team.

Mr. Keaton Walker, his wife Ann and Hubert Braden, all of Los Angeles, and well equipped for glacier climbing were returning from a climb to the top of Mt. Gayley, Sunday afternoon when Braden slipped and tumbled 60 feet down a snow chute and then plunged over the edge another 150 feet to a tiny ledge above the stream.

"I saw him slip, recover, slip and then take his long fall," Mrs. Walker said. "He tried the ice axe arrest but it just didn't work. We knew he must be badly hurt." Terrified, Mrs. Walker stayed where she was as her husband went for help.

A U.S. Forest Service helicopter dropped a sleeping bag to the injured man before dark and he managed to crawl in it.

Arriving at the scene 7 a.m. Monday morning, the Sierra Madreams were ferried into a landing spot above Third Lake, where they started their long trek. The men scaled the 11,000 ft. level carrying their heavy packs. Upon reaching the injured man they administered first aid and carried him by litter to the waiting helicopter at 3:30 Monday afternoon.

Apparently Braden was suffering from a lacerated ear, broken ribs, internal injuries and shock. He was flown to the Northern Inyo County Hospital where his condition was reported fair. The rescue men returned and brought Mrs. Walker safely from her perch.

Copyright—Bill Wark, 1967

Helping with the venture locally will be service organizations and volunteers, the latter of whom will be needed in August to Christmas wrap the eight or nine items that go in a ditty bag, according to Mrs. DeForest Baldwin of San Marino. Mrs. Baldwin is the Pasadena Red Cross Chapter chairman of Special Services to the Military and International Relief.

Mrs. Arthur Mack of the La Canada Branch of the Pasadena Chapter is Shop Early coordinator for all five San Gabriel Valley branches.

Region III of the American National Red Cross, which includes the Pasadena Chapter and its branches, as well as the Los Angeles and Orange County Chapters and their districts or branches, is supplying a

### Local Family Major Holders

### Winslow Corp. Purchased By Omark Industries, Inc.

An agreement for Omark Industries, Inc. to acquire Winslow Product Engineering Corp. of Arcadia, was announced by both companies recently. The Winslow firm

Winslow, president of Winslow Corp. The agreement is subject to the approval of Winslow stockholders. Winslow and his family, who are residents of this community, hold more than 50 per cent of Winslow Corp. stock.

The Winslow firm manufactures portable pneumatic drilling and countersinking tools, automatic riveters, automatic drill point grinders and cutting tools sold to a wide range of industries. The company has developed an additional line of riveting tools for the aircraft industry which will be marketed shortly, Gray and Winslow said.

Winslow sales in the fiscal year ended July 31, 1966 were \$3,728,779 and net income for the year was \$404,000.

### Council Exhausts Jurisdiction Over Legality of Adjourned Meet June 20

### 4½-Hours of Venom Before Cheering-Jeering Audience

With unladylike and ungentlemanly remarks flying right and left, and with evidence of fisticuffs during the recess period, the City Council put on one of its best performances in the past five years for a "standing room only" audience. Not since the slapping of a citizen by an attorney during the fight of Tract 27459, has so much venom been displayed.

Immediately after the flag salute and invocation, Councilwoman Maddox rose to a point of order, strongly objecting to the meeting of June 20 on the grounds of legality and the accepting of the resignation of Councilman Parks and the appointment of Ralph Rule to replace him.

Many remarks and accusations were made between Mayor King and Councilwoman Maddox wherein Maddox stated to Mayor King: "I always thought you were an honorable man, and would not take up any item of vital importance to me during my absence."

Councilman Sorensen then stated the Councilman Wagner was a very "astute" gentleman, if not he must be "stupid," and stated Sorensen: "I do not believe him stupid," but he could have

### Alexander Winner Of \$100 Award

Robert Alexander, owner of R. Alexander Tree Service on 383 W. Grand View, is the proud winner of \$100 which he won as a result of playing Shell Oil Company's Americana Game.

Jim Warden's Shell Service Station, on the corner of Baldwin and Montecito where Mr. Alexander matched the halves of the Americana game pieces and realized he was the lucky winner of \$100.

He is a regular and, needless to say, very satisfied customer at Jim Warden's Shell Station. Jim has been in business with Shell and serving our town for six years now. He enjoys working with Shell Oil Company and serving the public.

Along with representatives of the Shell Oil Company, Jim presented Mr. Alexander with his award Tuesday morning, June 27.

### Park House To Be Meeting Place On July 9, 7:30

A full-fledged community celebration is in the making by the Sierra Madre Masonic Lodge under the chairmanship of T. C. Lodge who is now making plans for "Constitution Day" to be held on Sunday, September 17.

Mr. Lodge has called a special meeting of all representatives of all participating groups for a meeting in the Park House in Memorial Park for Sunday, July 9, at the hour of 7:30.

### Celebrate 1st Birthday

Rose and Fred Zapata, proud owners of Santa Anita Pool and Maintenance, this week celebrate their first anniversary in business.

It was just a year ago that Rose was running hither and thither trying to catch up all the loose ends that they might take over this company on June 30, and take over they did.

Fred joined within a short time and the work began. Pool repairs were made for their many customers and

## Final Fourth Program Settled By Committee

### FINAL SCHEDULE, July 4, 1967

- 9:00 a.m.—Parade forms at Sierra Madre Blvd. and Lima Streets.  
All children must be accompanied by a parent; all children's groups must be accompanied by a responsible adult.  
Judging of children for parade prizes will begin at 9:30 a.m.  
Each child and group participating will be presented with a ribbon at this time.
- 10:00 a.m.—Parade begins marching down Sierra Madre Blvd. to Sierra Vista Park  
This year as units pass Kersting Court they will be broadcast by radio station KMAX.
- 12:30 p.m.—Swim Team will present relay race exhibition at the pool.  
Danny and Ted MacAvoy will present diving exhibition.
- 1:00 p.m.—Ball game at Heasley Field. Coaches and managers will play. After the game, the pitching machine will be moved onto the field for all children to take batting practice.
- 3:30-5:00 p.m.—Organized games and races at Sierra Vista Park, under the leadership of Mrs. Alice Dunning, Girl Scouts, and Mr. A. J. VanAchtoven, Boy Scouts. Assisting will be members of several of the local Girl and Boy Scout troops.
- 5:00-6:00 p.m.—Picnic and barbecue time. Diamond Diner and booths will be open.  
Barbeques and picnic tables in the park will be available.
- 6:00 p.m.—Welcome of all present; presentation of parade awards.
- 6:15 p.m.—Evening program; presentation of colors by American Legion Posts 280 of East Pasadena and 247 of Arcadia.  
Karl Belstein, speaking on "Independence for America."
- 7:00 p.m.—End of program for 1967.

### Parade Begins At 10 AM; Judging To Be Held At 9:30

### Full Day of Fun and Entertainment For Both Young & Young At Heart

For the third year, Sierra Madre is holding its annual July 4th Hometown Celebration. Local service clubs and civic organizations again joined to make these activities available to those celebrating the 4th at home.

As in past years, the celebration will begin with a parade down Sierra Madre Boulevard from Lima Street to Sierra Vista Park. In addition to the local children, and decorated entries by the groups, this year's parade will include a commercial division for the merchants of Sierra Madre.

Mr. Louis Van Iersel will lead the parade as grand marshal. A longtime resi-

### Men's Golf Club Donate Funds To City of Hope

Santa Anita Men's Golf Club collected \$251 for the City of Hope Fund from their weekend golf tournament which they held June 24 and 25.

According to publicity chairman, Boyd Smith, the players received trophies for the closest to the pin on the fourth hole.

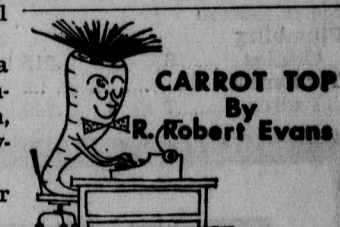

Saturday's winner was Lloyd Emmert, with: Alan Ross, second; R. Winterbaum, third; Boyd Calwill, fourth, and Art Reich, fifth.

Sunday's winner was R. Field, with: Jerry Gallardo, second; R. Bush, third; Ron Lumary, fourth and R. B. Clark, fifth.

### Sirens To Sound Friday

Civil defense siren systems in Los Angeles County will be tested tomorrow, Friday, June 30, at 10 a.m. in the usual month-end test of the warning equipment, Sheriff Peter J. Pitchess announced.

The test will consist of but a single signal, the undulating tone sounded for one minute, which in the event of an attack would be heard for three to five minutes and would be the signal to take cover.

There is just nothing like starting the morning with sunshine, unless it would be to receive the mail and find a fist full of new subscriptions and a stack of renewals.

—CT—

Of course this always gladdens the heart of an Editor when he knows that people want his newspaper and are willing to lay down their check or cash to receive it.

—CT—

In January we had a subscription drive and put over 1,000 new subscribers on the list and totaled over 800 renewals. We thought this would "just about be it" ... but so help me, increased activity caused us to check the records, and in the past three months we have added another 325 new readers, and every morning we are receiving from 8 to 15 renewals. ... "Thanks, folks," for the vote of confidence; we will continue to try even harder to merit your generous support.

—CT—

Candace, our 8-year-old daughter, had been a bad girl, and part of her punishment was to eat dinner alone at a small table in the corner of the dining room. No one paid any attention to her until the family became aware of the grace that she was saying aloud:

—CT—

"I thank Thee, Lord, for preparing a table for me in the presence of mine enemies." ... Now I ask you, ... as parents, what could you do? ... That's right, graduate her back to the family table.

—CT—

Frances King, bless her heart, is now on the tail end of the Fourth of July plans. As Frances says, this year it's going to be bigger and better than ever, but, boy, is there a pile of work connected with the project.

—CT—

Seems that years past when Frances handled the whole affair and it was much smaller, she knew everything that was transpiring, but this year, with committees and with so many decisions to be made, that Frances herself may be surprised come the 4th. But she has it well under control, and I'll just bet everyone will enjoy themselves to the fullest extent.

—CT—

This one happened down at the Ice Cream Rendezvous, and was told me by a customer who was standing by. Seems that two small boys, aged about 7 and 2, were waiting in line at the ice cream bar. The little brother was very definite in his desires and was loudly announcing: "I want vanilla. I want vanilla. I want vanilla."

—CT—

The supply of vanilla had been temporarily given out. The interested informant stood by to see just how the 7-year-old would handle such a crisis. When it came his turn, without flinching or batting an eyebrow, he stepped up and ordered two strawberry cones, and turned one to his little brother. "Here you are," he said briskly. "Pink vanilla." ... And of course seeing is believing, but we must have confidence in those we listen to.

—CT—

The following item was written 100 years ago and taken from the Amie's Journal of Philadelphia...

128, according to the two executives. They said they expect a substantial increase this year in both sales and earnings.

The California company will be operated as a subsidiary of Omark to be known as Omark - Winslow Aerospace Tool Co. Its offices and plant will remain in Arcadia, the announcement said. Winslow Corp. has 300 employees and Omark has 2,200.

The acquisition was Omark's fourth in the past year. Others were KSM Products, Inc. of Morristown, N.J.; Armstrong Inc. of Pampano Beach, Fla. and Cascade Cartridge Inc. of Lewiston, Ida.

11, Orioles 7; Padres 14, Angels 10; Astros 10, Stars 9; Stars 22, Seals 6; Mounties 14, Padres 13; Astros 23, Colts 8; Orioles 18, Angels 15.

Pee Wee League: The Pee Wee League finished off their season with the Youngland Mets coming out on the top with 5 wins and 2 losses. Congratulations, Mets! Scores: Oaks 12, Aces 11; Mets 10, Oaks 7.

"This acquisition is a logical one for Omark and I am sure it will be a profitable one," Gray said. "It strengthens our position in our major field, that of cutting and fastening, and greatly enlarges our market in the aerospace industry, which our KSM division already serves. The acquisition also provides new opportunities for the particular manufacturing skill Omark has in abundance, which is making high-precision, close-tolerance products," he explained.

Omark, with headquarters in Portland, is an international manufacturer of cutting and fastening products and systems, sporting guns and small arms ammunition.

Dan and Margerite Ogden of 3805 Ranch Top Road went to a barbecue at Pete and Sandra Peterson's home in Arcadia, Sunday, June 25. Got a personal report from Dan and Margerite and my folks, Tom and Jean Richards that the party was a success and everyone had a real good time.

## FROM THE

## Fire Side

There was one little item we missed, that happened at a fire recently. Bob (?) forgot his teeth, the chief was in his pajamas, covered up by a jump suit, but it also seems like Mike Tyler knocked his glasses under the bed when he was hurrying to dress. His father drove him to the fire so there was no problem there. But between the dark and the lack of his glasses it left much to be desired. But Mike is an instinctive fireman and know that if its hot, "out it goes." This was all well and good until one of the firemen walked by with a lit cigarette. Yep, he shot the darn thing out at 20 paces with an inch and a half line he was holding.

The firemen just happened to be his brother-in-law and that may have had something to do with it, perhaps.

With his aim he could put Robin Hood to shame.

Now there comes a little fellow, in size, flitting around the fire station, like a moth around a candle, and has the audacity to

talk about this writer having arrived at a fire call, sans his store teeth . . . Now I ask you, did he want me to bite the fire, or kiss my buddy firemen when I arrived . . . anyway, not mentioning any names just referring to this illustrious fireman as GAM . . . where was he when the fire call sounded . . . and where was he when the fire was being extinguished . . . and where was he when we refilled the water tank and put the truck back in the station ready for the next call? . . . You guessed it . . . He was sound asleep on all counts, anyway . . .

Would the Taxpayers want me to stop and brush my teeth before I go to a fire . . . Hell, I remember one fire when one of the firemen came in his swimming suit . . . another in his shorts . . . You never can tell when you get a call on the radio, what you may be asked to do when you arrive, so be prepared I say.

## Secretary Chapter Elects Officers

2—SIERRA MADRE NEWS Thursday, June 29, 1967

The Pasadena Chapter of The National Secretaries Association (International) held its regular monthly dinner meeting at Eaton's Santa Anita Restaurant, 1150 E. Colorado Blvd., Arcadia, May 25.

After dinner the "oustalation" ceremonies for the 1965-66 officers were conducted by Stella Morrill, a past president of the chapter.

Violet Kendall, first vice president, then introduced the newly elected president of California Division, Constance McCauley, who conducted installation ceremonies for the following 1966-67 officers:

President, Mary Fiddick, re-elected; first vice president, Violet Kendall, re-elected; second vice president, Ruth E. Hanson; corresponding secretary, Sona Karekin; recording secretary, Ruth Hill and treasurer, Stella Hill.

Mary Fiddick, then made her acceptance speech.

Paula Randall, local sculpture, is one of the award winners in the Southern California Exposition, which takes place each year in Del Mar. Reception and presentation of cash awards were made on Friday evening, June 16 at the Del Mar Exposition. Her work won in the classification of "traditional, professional." She is a very accomplished artist and her work shows her tremendous talents.

— ☆ —

David and Margaret Duran and their four children, Lita, Meg, Stephen and Nancy enjoyed a break during all that rainy weather. They drove out to Palm Springs for the June 10-11 weekend, and stayed at a lovely canyon club. This especially appealed to the younger Durans because they could swim and hike around and they got to meet one of the popular singing groups. Mrs. Duran said they sure appreciated the lovely balmy weather that Palm Springs had that weekend.

— ☆ —

Edna Edwards is such a lovely woman, I sure like talking to her. Things have sure been hopping up there on Elm. Her husband, Spencer, is home from St. Luke Hospital now and feeling much better. Their son and his wife, Rev. and Mrs. S. Edwards Jr., journeyed up to Berkeley to see their daughter, M'Liss, and her husband, Don Graff. They were leaving to go up to Kent, Wash., and spend the summer at St. James Church. June 23, Megan Edwards graduated from ninth grade and Campbell Hall. Next year, her brother, Cader, will attend the school and Megan will now go to Argyle Academy with her older sister, Libby, who will be in her senior year. Their father, Rev. Edwards Jr., gave the graduating address at Argyle Academy on June 22. Robin, another Edwards girl, just came home from University of California at Berkeley and is now working at Disneyland. Alexandra has a houseguest, Becky Richmond from Berkeley. Amidst all this activity, the Edwards' Bassett hounds and cats seem to be the only residents at those two homes that don't do much!

IT'S HAPPENING!

We like to think that we are in the "Now Generation" of Pharmacy. "Long hair" doesn't identify with us — but man we seek "Involvement" in Pharmaceutical progress, because that's what's happening, baby.

While the New Math and New Biology are being assimilated by the young students of today, we're coping with the scientific complexities of the New Pharmacy to turn on the "To Be" generation to the greatest health status ever achieved in the U.S.

And so . . . "There is nothing like a doctor's prescription." Advertising is a great American institution and we are all for it, with certain limitations for decency and good taste. Occasionally we are distressed to see some actor posing in a professional gown and telling the audience that certain remedies are exactly like a doctor's prescription and is composed of the same ingredients that most all doctors prescribe, and almost leading you to believe that the medical profession endorses the self-medication. AS PHARMACISTS WE KNOW BETTER.

There is really nothing like a doctor's prescription. A prescription is written for single individual and for specific condition. It contains different proportions of ingredients to be taken at specific times.

When the occasion arises that you do need a prescription from your doctor, we at Hartman Pharmacy will be pleased to fill it for you. We are really interested in keeping our friends and customers happy and healthy.

Rudolph R. Hartman

## Citizens To Ask William Patrick To Run In 1968

Papers of incorporation recently were filed in Sacramento State for the Citizens for Patrick Committee, a non-profit organization.

The purpose of the filing is to encourage William Patrick to run for the United States Senate in 1968 on the Republican ticket; and to enable the committee to proceed with the formation of groups throughout California to implement the committee's objectives.

The signatories for the Citizens for Patrick Committee are Joe Shell, chairman; Berton Speer, vice chairman; and D. C. Parks, treasurer.

Shell, former Republican Floor Leader in the State Assembly, has been active in California politics for 20 years. He lives in Los Angeles.

Speer, prominent in real estate circles, is from Eureka.

Parks is a well known cattleman in the San Joaquin Valley and lives in Bakersfield.

Al and Elsie Ower enjoyed a picnic with their family on Father's Day. Besides celebrating Father's Day though, they celebrated their nephew Robin's thirteenth birthday. Robin is the son of Mr. and Mrs. Bryan Smelling of Arcadia, who were there with their other boy, Roger. The Ower's daughter, Lynda, her husband Jerry Salter and their three children came.

They celebrated their wedding anniversary. Jerry got a promotion to Business Representative Supervisor over the San Francisco Branch of the company he works for. They plan to leave soon, so he can take over his new position. Son Dennis and his wife Linda came too. Son Alan, home for the weekend from George Air Force Base, enjoyed all the fun too. Friend of the family, Steve Appleford completed this group of happy picnickers.

dent; Fire Department, Charles Brown, Chief; Red Cross, United Way; Civic Club, Mrs. John Starkey, president; Republican Club, Carl Cheadle, president; East Pasadena-Sierra Madre Federated Woman's Club, Mrs. Dorothy Ford, president; Candy Strippers of the Community Hospital, Mrs. George Wharton, Guild chairman; Toy Soldiers; Community Nursery, Mrs. Carl Sidle, president; 6th District (VFW) Drill Team and Color Guard; Chamber of Commerce; Antique Auto Club.

Also participating will be Sierra Madre's famous Search and Rescue Team. This group of 20 devoted men is often called upon to locate lost children or hikers. They will have Henrietta and Jinx, the two well known bloodhounds, and possibly will introduce their two new "trainee" trackers. Ray Lorenzini is now president of this group.

The fire department will have the first public showing of their new truck, which arrived around the middle of May. Chief Brown promises to have several members of the department accompany the department trucks. The Chamber of Commerce has again purchased ribbons for all parade participants. These will be awarded between 9 and 10 while the parade is forming. Prizes of \$5 will be awarded for children 12. In the following categories: Best boys costume, best girl costume, best decorated vehicle, most original group (other than organized groups, most original decorated vehicle. Prizes are being offered by the Fire Department, Civic Club, Friends of the Library, Lions Club, and Kiwanis Club. Judges for the prizes are Alice Herrold, Rudolph Hartman and Bill Harriman.

Mr. Harvey Birck is in charge of the parade line up. He will be assisted by Ron Thurston, Ron Griffin, Karl Heimbruch and Dottie Underwood. Units and individuals will meet at Sierra Madre Blvd. and Lima Sts. at 9 a.m. and will be assigned their places in the parade lineup. The parade will march to Sierra Vista Park, and disperse among the booths and exhibitions set up by the various groups.

At 12:30, the Sierra Madre Swim Team will demonstrate the prowess and form which enabled them to win many meets last year. Chuck Knickelbein is manager of the team; Alan Hartley and Roger Keith coaches. Danny MacAvoy, winner of many diving medals, and diving instructor at our pool, will give a diving exhibition. He will be assisted by his brother, Ted, who was a member of the PHS diving team this past year. Danny was voted by PCC as the best diver in Southern California in 1967. He also won

the first place in the Western States Athletic Conference for the 1 and 3 meter boards. Following this demonstration, the pool will be open to the public.

At 1 in Heasley Field, "Play Ball" will be the call of the umpire for the coaches and managers of Little League. All team members, I'm sure, as well as family and friends will be there to root for these hard working men. After the game, the pitching machine will be moved onto the field, where it will be available of all ages. Through the courtesy of the directors of Little League, this fun activity will be free of charge to all.

Booths will be set up in Sierra Vista Park, and will be open all day. Sandwiches, ice cream, coffee and Cokes will be available at the Diamond Diner at the ball field. Other booths in the park will serve hot dogs, home made candy and cup cakes, doughnuts, snow cones. Others will feature games — dart throwing, confetti eggs, penny pitches.

The Police Department will have a display of their equipment, as well as confiscated weapons and contraband. Search and Rescue Team will also have a display of their equipment and dogs. This is providing, of course, that they are not out on a rescue.

Afternoon games will be led by Mrs. Alice Dunning and Mr. A. J. VanAchtoven, representing Girl and Boy Scouts. They will be assisted by several members of the various troops in Sierra Madre. Specific games are yet to be announced; however, they will include the likes of potato races, egg tosses, sack races, watermelon feeds, and peanut hunts. Children from 6-12 years are invited to participate. Games will be from 3:30 to 5 p.m.

After an hour of picnicking and barbecuing in the Park, the evening program will begin at 6 p.m., with the presentation of parade prizes by Hugh Warden of the Chamber of Commerce. Following the presentation of awards and recognition of participants, American Legion Posts 280 of East Pasadena and 247 of Arcadia will present the evening program.

Each post will have its color guard in a presentation of colors, followed by the Pledge of Allegiance and singing of the National Anthem. Karl Beilstein will speak.

Mr. Beilstein is commander of Post 280, and is also chaplain of the 18th District, which encompasses the San Gabriel Valley. He is currently at the California State American Legion convention, working with the Committee on National Security for the State Convention. His topic will be "Independence for America."

## Candy Strippers of SM Hospital Participate In July 4 Celebration

Sierra Madre Community Hospital's Teenage Auxiliary, the Candy Strippers, will again fulfill their twofold purpose of service to the community and to the hospital, when they take part in Sierra Madre's old fashioned July 4, celebration.

They will participate in our parade that day and later have a booth at the picnic grounds to sell their homemade goodies.

Money raised in the booth will be used for their current project — the purchase of new outdoor furniture for the hospital's patio and garden area. The group has also been selling car wash tickets donated by Don McCormac, owner of McCormac's Car Wash in Pasadena as another fund raiser for this project.

Miss Debbie Richter is the new president of the Candy Strippers. Her new board is Elise Foxton, vice president and membership chairman; Sandy Starret, secretary and social chairman, Edie Dumas, treasurer and Janet Bettencourt, volunteer chairman.

Senior Auxiliary directs the group with Mrs. Arthur Schopeck, Candy Stripper chairman. Mrs. Joseph Mor-

Danny and Toma Wilson became parents for the first time when Brian Michael arrived on June 22 at 8:45 p.m. at Santa Teresa Hospital. He weighed 5 pounds 8 1/2 ounces and was 18 inches long. His happy paternal grandparents are Marvin and Lorene Thomas of Sierra Madre. His equally excited maternal grandparents are Gene and Dorothy Brooks of Duarte. Danny is in the Army Corps of Engineers in Korea right now, he won't be home until October but he can certainly feel at ease about his wife and child. The grandparents are so jubilant, as were the maternal great grandparents, Mr. and Mrs. Eber Thomas of Sierra Madre. Brian is their first great grandchild.

## "What's in a name? I like FEDERAL' in mine."

"I think most all Savings and Loans are a good place to keep money. Especially for a widow. But I like to keep mine in a FEDERAL savings and loan—like Pasadena Federal. It's mutually owned, by all of us savers. This guarantees that no one stockholder, or a group, can ever get control. And close federal supervision assures me of sound, conservative business practices by management. Of course, I get a high dividend rate on my money, too. I just feel more secure with that word 'FEDERAL' in the name."

Current annual rate of 5% on passbook savings is highest in U. S. A. A still higher rate of 5 1/4% available on accounts of \$1,000 (and multiples) when maintained 3 years. All funds compounded daily, and, if received by the 10th, earn from the 1st. Accounts now insured to \$15,000. Free parking. Postage paid on save-by-mail.

SAVE NOW

JUNE SALE ONLY

Our Special Factory Purchase will allow you to purchase a new '67 Renault-Dauphine for only \$196.80 Down and \$49.85 per month for 36 mos. plus Calif. Tax and license

What if your Renault needed a grommet, or a clevis nut, or an oil sump?

These parts may sound funny to you, but they're serious business to us.

They're just a few of more than 2,000 Renault parts, from grommets to gearboxes, that we keep in stock.

And thanks to our nearby regional distributor, most other parts are never more than 48 hours away.

After all, why waste time?

The faster we get the parts to our mechanics, the faster our mechanics get your car to you.

And you can be sure it'll be purring like new when you do get it.

Because all our mechanics are factory trained specialists who know how to get the job done right. **RENAULT**

# Maddox-Wagner Unhappy' Ordinance Fails

City Attorney Martin instructed the Council to proceed with the meeting, and after approval of the warrants the first item on the agenda was taken under consideration.

## City Clerk

Since Councilwoman Maddox and Councilman Wagner were the instigators of the City Clerk Ordinance, Councilwoman Maddox was given the right of full explanation for the proposal. She fully explained the proposal, and two versions of the salary range; either \$4.50 per hour or a monthly salary of \$780. It was fully explained that the proposal merely was asking that the City Clerk position be placed on the basis of a full time position and the duties defined by the State Code be enacted.

Hour and work accomplishments were well explained as were the differences in the salary to be paid the City Clerk as compared with a proposed Chief Accountant.

After Councilwoman Maddox completed her remarks and letters in favor of the full-time City Clerk were read and remarks by the audience indulged in, Mayor King teed off on Councilwoman Maddox.

He charged her with "collusion" between herself and the City Clerk, stating that the extra work load placed on the City Clerk was mainly the making of Maddox - Wagner, sighting the extended expense created in the almost verbatim "minutes," and over-called for reports and information. Councilwoman Maddox promptly "invited the Mayor outside" to make his remarks and guaranteed him if he did so he would be promptly brought into court. Councilmen have immunity while in session.

The motion was made by Councilwoman Maddox that the City Clerk Ordinance 793 be placed on first reading at a salary of \$780 per month; the motion was seconded by Councilman Wagner and after the "title only" on roll call vote showed a 2-2 vote with Councilman Rule abstaining. City Attorney declared, "The motion failed."

The owner of the pool, Don Konkler, was left hanging in mid-air as the Council voted 3-1 to uphold the appeal of Mrs. Bradley but placed a moratorium on the abatement of the pool for six months.

Councilman Rule abstained from voting on the pool question as he was not on the Council during the ear-

lier actions. Councilman Sorensen provided the "No" vote that would have permitted the variance and let the pool remain had it carried in that direction.

Before the final adjournment Councilwoman Maddox called for a personnel session which she said would be for the express purpose of firing of certain members of the City Staff for mistakes that have been made in the past few months.

It was indicated that this session will follow the budget study Thursday evening.

Following a brief personnel session the following appointments were made: Recreation Commission: Mrs. Susan Sidle, Mr. Don Stewart; Planning Commission, Mr. Jack Meade; Planning Commission, Mr. Edward Seavallan; Library Board, Dr. Daniel D'Arcy, and Zoning Board of Adjustment, Mr. Manuel de la Torre. Other appointments to some of these bodies will be forthcoming.

The City Council then proceeded to finish the agenda but not without venomous remarks throughout the remainder of the evening right up to adjournment at 12:35 a.m. to a Budget Study session set for Thursday, June 29, at the hour of 8 p.m.

Hazel Anderson, a real busy Hospital Auxiliary member, plans an even busier month of July. Her brother, and wife, Dr. and Mrs. J. M. Bobbitt, and their fifteen year old son, Bruce are planning to fly out here to visit her for about a month. They'll arrive on July 18, from Bethesda, Maryland. She is looking forward to showing them the sights and visiting with them.

# California Water & Telephone To Help Youth Employment

Youngsters throughout the Monterey, Sierra Madre and Duarte area will receive help in finding summer jobs and summer-time recreation from California Water and Telephone information operators as part of nationwide "Summer Youth" program sponsored by the General Telephone System.

According to local division manager Henry Schull, the information operators will assist the youth of the community by giving callers the telephone numbers for agencies which are channeling job and recreational information to the youngsters.

Depending on the community involved, those organizations supplying job information would be either the local Department of Employment office or Youth Opportunity Center, while news about recreational opportunities would come from the United Fund or similar agencies.

"The number for one of these agencies will be given to callers when they call in and mention the words 'Summer Youth' or request help in finding summer employment," he stated.

He also emphasized that the job phase of the program is not limited to those seeking work. "Any employer with positions available also is encouraged to

# You and Your Neighbors . . .

Kenneth and Edith Kinucan and their sons, Robert and Mark, will return soon from their two week vacation to New Mexico and Arizona. The Petrified Forest in Arizona and the ancient Indian ruins of New Mexico were among some of the sights of interest that they visited. Meanwhile, Mrs. Lillian Seyfert, Mrs. Kinucan's mother is awaiting their return. She said she has been taking advantage of these two weeks to catch up on rest. She has been teaching at Agua Dulce School and is now retired. She says she plans to do some substitute work, but is really looking forward to her newly acquired free moments to get in a little traveling and have time to do those things she has been too busy to do over the past years. She really enjoyed teaching and last year she taught a combination class of second and third graders. I asked her how she felt about that and she said it's great and she prefers a split class.

— ☆ —

Jim and Mary Alexakis of 3685 Landfair have been resting and working around their home during the summer. They have a house up in the mountains and try to get away as much as they can. Their boys, Peter and Tony don't need any added encouragement to accompany them. Mrs. Alexakis says everyone in their family is leading rather quiet lives for the time being, except their niece, Kathy Lekas, who is touring Europe this summer and isn't planning to return until fall.

call our operators for the telephone number of the group handling job information," he said. Sponsorship of the summer job and recreation program by General Telephone developed following correspondence between Vice President Hubert H. Humphrey, chairman of the President's Council on Youth Opportunities, and Leslie H. Warner, president of General Telephone & Electronics Corporation.

Warner offered the support of the entire, nationwide General Telephone System and stated that "our information operators will take immediate steps so that they are ready to supply the local community with the appropriate numbers for job and recreational information."

Leslie Lloyd is one of Sierra Madre's busiest young people. She's out of high school and holding down two jobs, writing her boy friend, Bob, who is in the service in Okinawa, gets to the beach when she can to take in some sun and surf and will have her picture in one of the national magazines next month modeling clothes. This girl is going to have a real busy summer, but she is so vivacious, and enjoys being on the go.

**KATIE** — I wish I knew how to help you. You have rejected all of my suggestions. Return to May 12, it's your best hope of recovery — **SKR** N:6-29

**MARY ELLEN**—It has been a long time since we have met in the City Park. Can I see you this Sunday at the usual time of yesterday — **ALBERT**

**ALYCE** — From the frying pan to the fire certainly is not going to be any cooler; but you started the fire; better get an extinguisher, quick—**MARY** N:6-29

**WONDER BOY** — Ham on tye will certainly put hair on your chest, but you know what that is doing to your love life, so take care — **IRENE** N:6-29

**MARTHA** — You, are the greatest; what you did for Jerry will never be forgotten by a great many. Thanks, loads—**SAM** N:6-29

**WILMA** — I am still waiting for an answer to my last suggestion. Must I die on the vine like an over-ripe tomato, or will you submit to temptation — **THOMAS** N:6-29

**TEDDY** — Come home; everything has been straightened out between your father and your vices. He understands the need — **MAMMA K.** N:6-29

**FIREHOUSE SEPTET** — I think a few words from Ethel would help you all. Call 447-6162, NOW! N:6-29

# To grace the home . . . GAS LIGHTING by EVERGLOW

for Beauty . . . Economy . . . Protection . . .

## Everglow

Disinctive gas lighting lends to virtually all types of architecture an air of graciousness and charm unattainable from any other form of illumination. A gas light compliments the residence by day while affording both subtle beauty and constant protection at night.

Now, from Everglow, comes the finest in metal craftsmanship — gas lamps and torches designed to fully express the elegance that gas lighting provides. Here are designs to fit any application, and all exterior decors.

## BOTH RESIDENTIAL AND COMMERCIAL

Everglow Gas Lamps and Torches may be used to enhance any outdoor location where lighting is required. Available with post or bracket mounts, they may be used near the walkway or at the entrance to a residence, for apartment houses, parking areas, restaurants, hotels, motels, and street lighting.

Many home owners and developers have found that the small investment in gas light has been just the touch needed to quickly sell a house or a complete tract.

## QUALITY

Everglow units are constructed to provide many, many years of satisfactory service. Heavy gauge metals are employed in the frame and window rails. They are dip-coated prior to assembly by welding or riveting and finished with two coats of enamel. Brass and copper models are solid material, not merely plated. Hoods of steel models are finished in a heavy coat of fired porcelain for complete weather resistance. All hood interiors are enameled white to provide maximum light intensity.

## ECONOMY

Simple to install, Everglow Lamps require no switches, conduit or wires, only a small pipe connection. The cost of maintaining these lamps is extremely low and continuous 24-hour-per-day operation runs about \$1.00 per month.

The gas consumption rate per lamp mantle is 2 cu. ft./hour or 2200 BTU, producing 653 Lumens, 52 candlepower and approximately 40 watts. Average consumption of small gas torches is 45 cu.ft. per hour; 65 cu. ft. for the larger torches.

## Vella Views

By  
Toni Maurin

SYcamore 7-9634

Don't know why but I always get excited at the thought of the Fourth of July. Support it's a hold-over from my childhood days with the thoughts of big family picnics and all of the relatives gathering round with generous casseroles of their specialties, staying up late, and, of course there were the sparklers and Roman candles.

Maybe I love the Fourth because it is practically the only unsophisticated holiday we have left. Who ever heard of Beef Bourguignon on Independence Day . . . Just nobody, that's who . . .

It is definitely a fried chicken, hamburger, hot dogs, and ham day with beans and potato salad, cole slaw, and watermelon and ice cream day, everybody knows that! It's a day for sack races, sandlot baseball, swimming, and three-legged races. Just talked to a gal from the east and she tells me that in the New England states they favor fresh salmon and tiny green peas as a traditional Fourth repeat . . .

Guess it really doesn't matter what menu you choose as long as the spirit is there and you remember why you are celebrating. Just remember that the world is loaded with statistics and we'd like you to be around the next time they take the census.

The Dom Giangregorio house has been one of excitement and upheaval. In addition to the natural confusion that comes with making an addition on their house they have had birthdays, departures, and anniversaries to cope with.

To take them in chronological order, Mrs. G. or Pat was honored on her birthday by Mrs. Forrest Paxson.

Invited to join in the celebration were Mrs. Charles Hardison, Mrs. Gene Rode, Mrs. William Olson, Mrs. Don Hays, Mrs. Matt Slavin, Mrs. Tony Boland, Mrs. Guy Knudson, Mrs. Bob Farmer, Mrs. Bob Meason, and Mrs. Bob Russell.

They started out with cocktails and gifts at the Paxsons and then continued on to a restaurant for a delightful luncheon and after noon.

Then next on the agenda was their 25th wedding anniversary, and finally on July 3rd they will see Greg off to Europe. He will be there for about a month with the trip sponsored by La Salle High School.

Mrs. George Sanders entertained a group of women from the Arcadia Auxiliary for the Pasadena Child Guidance Clinic at a bridge luncheon recently.

Her guests were Mrs. Kenneth Anderson, Mrs. Clifford Anderson, Mrs. John Windsor, Mrs. Jack Zeemer, Mrs. John Nelson, Mrs. Lee Darow and Mrs. Al Gillies.

Jack and Dottie Jouvenat left last week with their son Jimmy for a three week motor trip that will take them back to Kankakee, Illinois to visit Dottie's sister. They plan to show Jimmy a little of our country's wonders enroute.

While they are gone Mrs. J. Baxter Jouvenat will be entertaining Mrs. M. P. Hie-stand who is coming up from Carmel.

Melissa Mueller, daughter of Dr. and Mrs. Robert Mueller of Old House Road, celebrated her fifteenth birthday with a theatre, dinner, and swimming party last week.

Her guests were her cousin, Kathy Taylor, Liz Rode, Debbie Maurin, Chris Pederson, and Ana Goodwin.

Just learned that Mrs. Ed (Mary) Schwartz at Claremea Lane had an article published in the June issue of the Rotarian Magazine. She collaborated with Mrs. Elizabeth Lent on the story. The title is "School House On the Bridge," and it deals with the "English as a Second Language" classes held daily at the YMCA. Mary is a certified teacher and has been in charge of this program at the "Y" for ten years. There are 70 volunteer workers assisting immigrants, young people over in this country on student visas, and even scientists and their wives that are here from foreign countries.

Their practice in the case of technical people is to gain all of the information necessary in order to better equip them and educate them in the translations in their field.

The program was spearheaded by Mr. Agustin Turner, a life time Rotarian. Mr. Turner has devoted most of his life to helping foreign students.

The classes are held in a room donated by the "Y" and furnished by the Rotary Club. On the far wall they have painted a mural featuring Mr. Turner leading representative youths from all over the world. It would be hard to evaluate the outstanding benefits that can be directly attributed to the helping hand that was given by Mary and her crew, but she assures me that the helpers have received far more gratification from their work than could possibly give. With attitudes like that it is easy to understand why the program has been so successful.

## Drain Work Sierra Madre Completed

Supervisor Warren M. Dorn recently announced completion of all work on a \$248,700 contract for installation of additional storm drainage facilities in Sierra Madre.

Colich Construction Co. of Los Angeles finished work on unit one of project No. 737 and Project No. 7501 on May 26 under terms of a pact awarded by the Board of Supervisors last November 22.

County Flood Control District Chief Engineer Walter J. Wood supervised the work, Dorn said.

It involved construction of storm drain conduits in sections of Sierra Madre Boulevard, Orange Drive, Skyland Drive, Sunnyside Avenue, and various rights of way.

The projects were financed out of 1958 and 1964 storm drain bond issue programs, Dorn said.

## Softball Opening Day Ceremonies

Sierra Madre Girl's Softball will begin their season with opening day ceremonies 10:30 a.m. on July 1, at Heasley Field.

Presentation of Colors will begin the ceremony; the Campfire and Girl Scouts will perform this honor. After the National Anthem and invocation the master of ceremonies, Jerry Adkins will say a few words, then introduce Sam Simpson, chairman of Parks and Recreation.

City Councilman Severin Sorenson will throw the first ball of the season, after the introduction of the players. The first game will be between the Tigerettes and Blue Jays.

Team leaders are: manager, Betty Halverson of the Tigerettes; manager, Dolores A. Thill of the Blue Jays and coach, Roberta Sterling of the Blue Jays; manager Nancy Workman of the Green Hornets and coach, Alice Bond of the Green Hornets; manager Mary Ellen Gatti of the Yellow Hawks and coach Dorothy Harris of the Yellow Hawks.

## J. Fleckenstein To Become Bride

Mrs. Joseph R. Lowry, of 2918 Magna Vista, Pasadena, wishes to announce the engagement of her granddaughter, Judith L. Fleckenstein to Michael H. Salazar, son of Mr. and Mrs. Raymond O. Salazar of 3270 Las Lunas, Pasadena.

Judith and Michael attended Wilson Junior High, Pasadena High School and Pasadena City College. Michael is presently a senior with a biology major at San Diego State College.

Myrtle and Rudolph Hartman received a very special letter from Congressman Glen Lipscomb. He said he had read in our paper of their Fiftieth Wedding Anniversary celebration and wanted to personally wish them many more years of health and joy together. Sure is nice to know some people are never too busy to find the time to be thoughtful.

## New Tax Penalties

Real estate taxes not paid by June 30, 1967, will carry additional penalties, warns Harold J. Ostly, Los Angeles County Tax Collector.

Property on which delinquent taxes have not been paid by that date will be sold to the state. Additional penalties of one per cent per month and a redemption fee of \$1.50 per parcel then will be added, Ostly pointed out.

Notices of delinquent taxes recently have been mailed to property owners by the Tax Collector. However, because of unknown addresses or being returned undelivered by the Post Office, there are more than 5,400 still in the Collector's Office.

If the property taxes have not been paid and a tax bill or delinquent notice has not been received, the property owner should call the Tax Collector's office at 625-3611, Extension 64541, to obtain a bill.

Payments can be made by sending the bill and a check or money order to Harold J. Ostly, 225 N. Hill St., Los Angeles, Calif. 90012. All unpaid taxes now require the payment of a six per cent penalty and \$3 per parcel costs for preparing the delinquent tax roll and list.

As of June 9, 1967, there were 128,165 property owners who have not paid their taxes for the fiscal year of 1966-67, the Tax Collector stated, which amounts to \$50,847,205 in unpaid taxes.

## HOME OWNERSHIP: AN INVESTMENT IN YOUR FUTURE

When we invest in a home, especially in Southern California, we are sharing in the ownership of the fastest growing, most populous state in the nation. The wise individual, the potential home owner, need seek no further than a FEDERAL savings and loan association for expert home loan guidance for, indeed, the best possible home loan obtainable on the property upon which he wishes to build his future.

WALTER M. DRAKE

In his more than twenty years on the executive staff of the Association, as a Member of its Board of Directors, and as senior vice president, Mr. Drake has acquired an extensive knowledge of all aspects of savings and loan operations. . . with particular emphasis on home loans.

## Strategy!

Throughout history, mortal combat of ever increasing scope and ferocity has been the tragic companion of otherwise advancing civilizations. The outcome of the nuclear and ideological tug-of-war between the United States and Russia will determine whether this pattern can be broken before it carries through to the total destruction of one or both nations.

Ever since the explosion of atomic bombs over Hiroshima and Nagasaki and the advent of the cold war, U. S. strategy has been based on the belief, reaffirmed by Secretary of Defense McNamara, that, "The foundation of our security is the deterrence of a Soviet nuclear attack. We believe such an attack can be prevented if it is understood by the Soviets that we possess strategic nuclear forces so powerful as to be capable of absorbing a Soviet first strike and surviving with sufficient strength to impose unacceptable damage on them."

The effectiveness of this policy to date is demonstrated by the fact that there has been no nuclear war. But, its success has been based on the overwhelming superiority of U. S. offensive missile strength which, after rising rapidly for a number of years, is now leveling off. This force presently consists of approximately a thousand Minutemen and around 650 missiles aboard 41 Polaris submarines. Our 680 strategic bombers will be cut back to 465 in 1972. U. S. expenditures for strategic forces have declined to \$6.8 billion in 1966 from a high point of \$11.2 billion in 1962.

In a recent Fortune magazine article entitled, "The Shifting Equation of Nuclear Defense," Richard J. Whalen contrasts the U. S. position with the swift Soviet buildup now going on. He reports that since the Cuban crisis of 1962, just five years ago, "... the operational Soviet ICBM force based on land and sea has grown from fewer than 75 to an officially estimated 470 (as of October, 1966) and a likely current figure of close to 600." There is every indication that this number will continue mounting at an accelerating pace. Also, with new weapons technology now available, numbers do not tell the whole story. In the U. S., means have been found to use a single ICBM launcher to carry several individually propelled warheads which can be guided with extreme accuracy to targets several hundred miles apart. The average Soviet missile, according to the Fortune article, can carry a "... warhead load of more than seven megatons," while U. S. missiles with the exception of Titan II's can lift about one megaton per booster. Obviously, if the Russian strategy were to pursue the multiple warhead route, their striking force could be vastly superior to ours with the same number of rocket boosters in place ready to fire. Add to this the fact that the Soviets have embarked on intensive efforts to develop and deploy defensive antiballistic missile systems, and you have the formidable picture worrying U. S. military strategists.

It is now being debated whether this country can afford and whether it needs an antiballistic missile defense system which could cost \$40 billion in the next 10 years. Many knowledgeable people, among them Dr. Edward Teller, believe that we cannot afford anything less. In a U. S. News and World Report interview, Dr. Teller expresses the view that, unless we have a defense against ballistic missiles, we are subject to atomic blackmail by any irresponsible nation in the world with the ability to launch a handful of rockets capable of carrying nuclear warheads to the continental United States or to the territory of any countries we are committed to defend. Our ability to defend ourselves and provide defense systems for allied countries would greatly strengthen the hand of the free world in Dr. Teller's view. In his opinion, it would be impossible to defend against all-out "sophisticated attack" such as either the United States or Russia could deliver. But, the ability to blunt such an attack could mean national survival. Summing up, Dr. Teller observes, "In choosing between various possible procedures, the one which gives you most for the least money and effort is reasonable." He also points out, "The apostles of cost-effectiveness have not been 100 per cent correct in their predictions on Viet Nam. This is bad, but it is not catastrophic. If they should err in a similar way with respect to what is sufficient to deter the Russians, this may be the end of the United States."

It is evident that events have brought a time when critical decisions concerning the defense posture of the United States must be made. It is to be hoped that they are made with a sense of history. They will unquestionably determine the alternatives which face the American people on the shifting grounds of international relationships in the decade of the 1970's.

## High Cost Red Tape

A recent survey has indicated that it costs businessmen some \$1,750,000 per year to do the paperwork required by government. As an example, the average time required for filling out forms for federal reports alone was found to be 33 minutes per month per employee. State forms require 24 minutes.

Red tape is the inevitable result of huge bureaucracy intent on perpetuating itself and growing bigger. It's about time to look to see if we may not be getting more government than we have time for or can afford.

THOMAS, GA., TIMES-ENTERPRISE: "In view of governmental intervention in private business, in the form of wages and hours and minimum pay scales and of so-called fair practices in the competitive world with reference to products and services, it may become necessary for radical and revolutionary practices to be developed with reference to the care and treatment of the ailing . . . We would hate to see the time come when the medical profession and other professions have to be directed and regulated by a system of bureaucratic controls spewed in Washington."

## FREEDOM AT ANY PRICE

by  
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column: however letters to the editor will be published.

### The Death of Senator Joe McCarthy

The methods of McCarthy, branded so vile, inspire me to have a murder trial . . . And upon his murderer, whom I'm about to unmask, I bestow the Order of Lenin for doing our task.

Who was the assassin of our McCarthy venture? The press with its slurs? The Senate with censure? No, the whitewashers of Lattimore and Acheson's Hiss. We're merely Judases who delivered the kiss. True, they helped us when we cast the die, But you were the murder. I'll tell you why:

You were the apers of the left-wing papers — you Elected Watkins, Flanders, Sanctimonious Stu, And all the rest who had him hung And drove a spike through McCarthy's tongue.

McCarthy went too far in what he did. Pandora's Box was his coffin he opened the lid. We branded him traitor and branded him liar. Because . . . he threw the fat into the fire And for a moment the flame lit up the sky . . . That's when we decided — he had to die.

So, from where I won't say, there came a decree, Order of the Day: Get McCarthy! The nerve of this man, the effrontery, the sin — Defile and disgrace — CENSURE HIM! Here's how we planned to get McCarthy's hide, Without undoing our work with suicide: We'll say he's right and join the throng, "He's right, he's right but his methods are wrong!"

"His methods are wrong" will be our cue, And you will help us and you and you. With the aid of Senate and Congress and White House Guard, Joe McCarthy will be feathered and tarred. Such were our plans as we began the smearings.

Remember the Army - McCarthy hearings? The Murrows and Pearsons and Pravda-primed press? And what happened when he got the Peress? Do you need a picture to get the jest? Irving Peress was a socialist! (no retraction necessary) When exposed, he was promoted and safely retired —

That's how we had the Pentagon wired, Wired with red . . . At two a.m. we got a general out of bed. Sleepy-eyed he signed the promotion That spiked McCarthy's

court martial motion. When Peress was promoted and given a pension, The air fairly crackled with tension, And Joe about to blow the hearings high — But Lodge and the rest wouldn't testify! Just for a moment we had a glimmer of doubt, Then the Secrecy Order was out —

From the highest source in all the land Cabot Lodge forbidden to take the stand. We hugged Peress and danced with glee Behind this Curtain of Infamy

For the hearings were a Cross to hang him by Unless Lodge and the rest could testify. So, that's how you, with the aid of the press, Silenced the Hunter of Major Peress. I remember it well . . . Now Washington's still Since we dragged McCarthy off the hill Out to Bethesda where he died —

And the heart of America buried inside . . . Bethesda, Maryland — does it ring a bell? It's where Secretary Forrestal fell Or jumped from a window, so they say, But we got McCarthy another way. Bethesda, Maryland! That's where he died, But on Capital Hill he was crucified . . .

With the aid of Adams — John, Sherman, too, A thousand Judases and you and you. Even Pontius Pilate washed his hands on that other day, But Ike just grinned. Ike looked the other way As Washington became Gethsemane

And twilight crept in the land of the free. F. X. Ranzuzzi If the people and events characterized in the above revelation and tribute to the late Senator Joe McCarthy seem unfamiliar to the reader, it is but one more indication of how little the average American remembers — or, perhaps how much he even bothers to find out about in the first place.

### Sirera Madre Day With Dodgers July 28

The Sierra Madre Parks and Recreation Department announces the Sierra Madre Night at Dodger Stadium on Friday, July 28.

The Dodgers play New York and the tickets for the game will be \$3.90 which includes a reserved seat and transportation to and from the stadium by bus. The bus will leave from Sierra Vista Park parking lot at 6:30 p.m.

All those wishing to go to this game are urged to pick up their tickets at the Recreation Department, City Hall, 55 W. Sierra Madre Blvd. For further information, call 355-1735.

## Cobwebs

Ten Years Ago:  
June 27, 1957

Assistant Postmaster Guy Rossi presented the award of safe driving certificate to Dan Daniels, who has driven two years without an accident, and Edward McCloskey, who received a five-year pin.

Offices of the Sierra Madre Chamber of Commerce will be moved. They will pack up from their present location at 94 N. Baldwin and move to 64 W. Sierra Madre Blvd. on July 1.

Bill Wark for the Search and Rescue Team and Bob Thomas for the Volunteer Fire Department gave talks to Cub Pack 371 during their last meeting on June 9. Later, over refreshments, the boys had a question and answer session with the men.

Twenty Years Ago:  
June 26, 1947

Snake warnings are out in the mountain areas, especially along the trails. Beware of rattlesnakes from the hours of 7 to 9 in the morning and from 3 to dusk in the afternoon. This is when they are out hunting for food.

Two Sierra Madreans were joined in the bonds of matrimony at the Church of the Holy Angels in Arcadia. They are the former Mary Anita Butler and James Edward Paschall. A large reception in the Huntington Hotel in Pasadena followed the ceremony.

Mr. and Mrs. Charles Peterson celebrated their 12th wedding anniversary by spending three days at Catalina last week. Mr. and Mrs. Marous Woodward returned Sunday from a three-day stay at Catalina, too. They celebrated their 14th wedding anniversary.

Thirty Years Ago:  
June 25, 1937

Eleven Kiwanis Clubs met in Sierra Madre for the annual California-Nevada District meeting. They met at the charming Wistaria Vine Gardens, which were converted into a Japanese Garden for the special event. Vice President Roy Pickett, accompanied by his lovely wife, was the local representative to the convention.

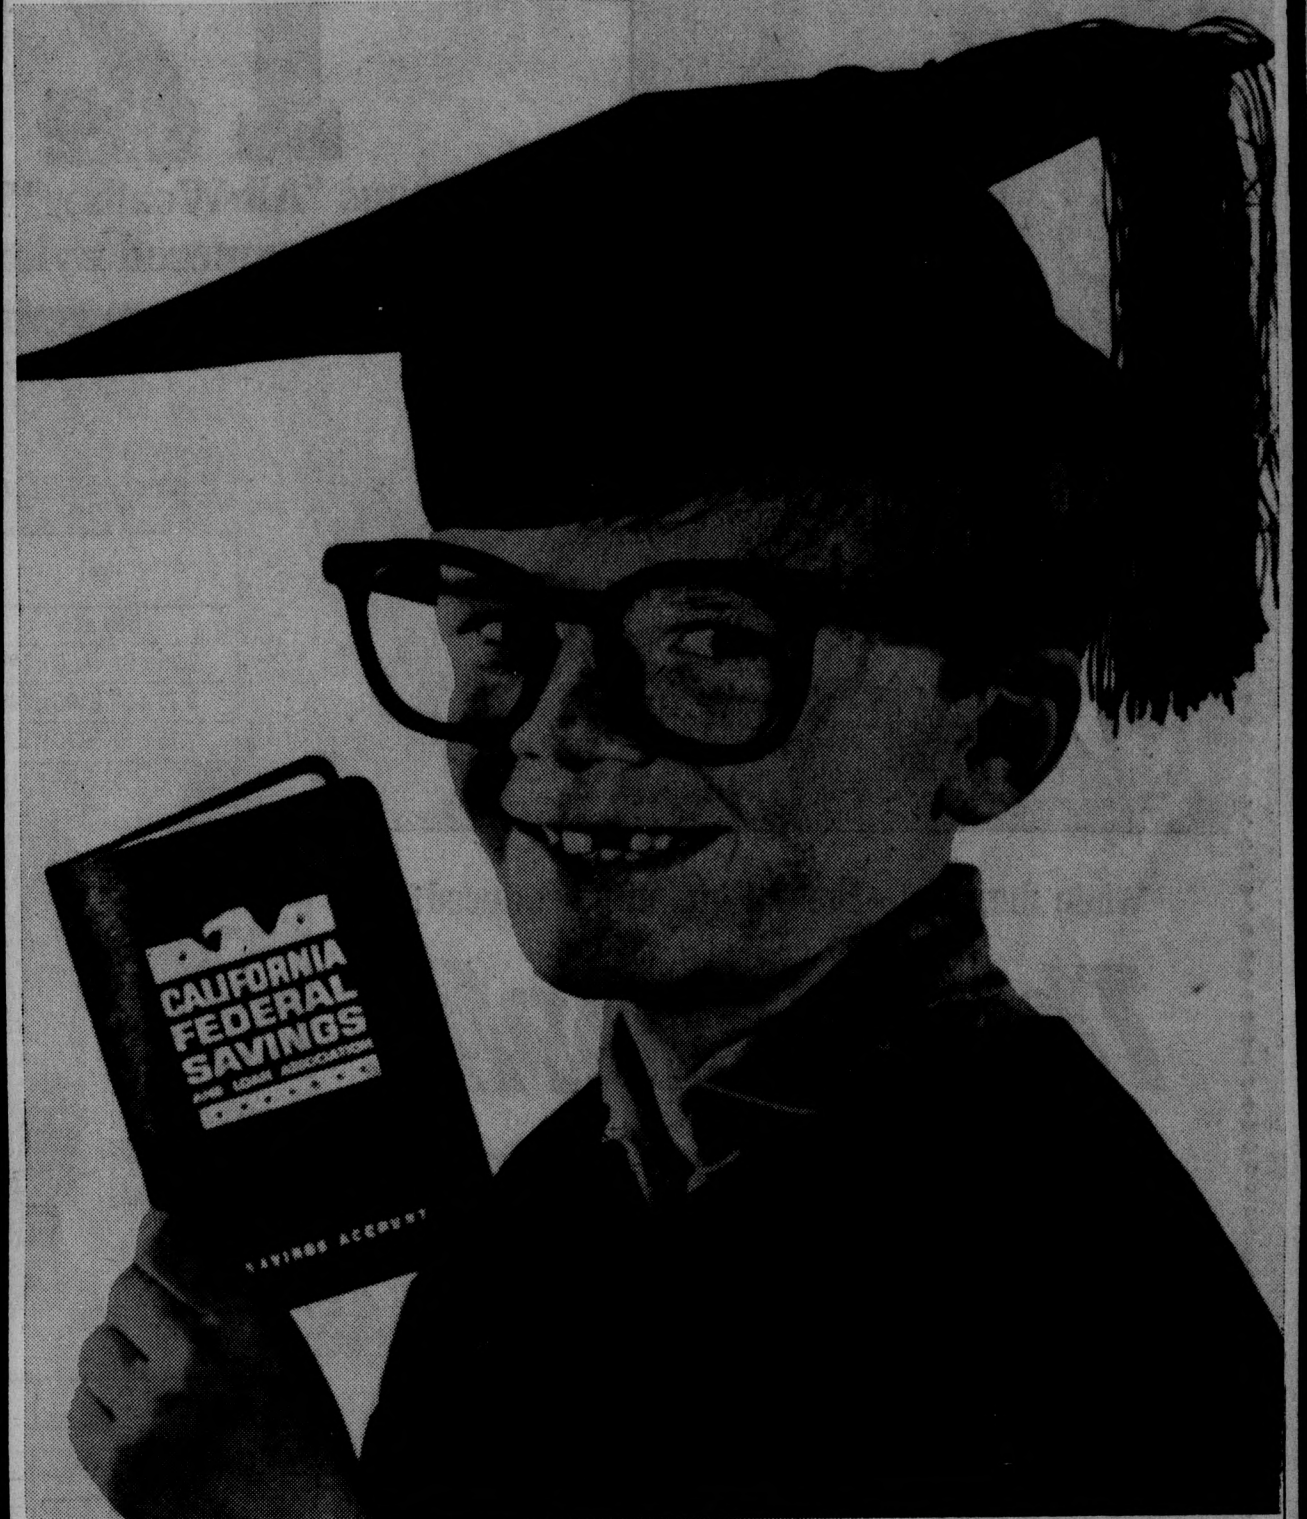

This weekend there will be 125 chess games going on in our city at the same time. Over 400 men will be guests of the Morphy Day Chess tournament which has been held for eight years now. Sponsors for the event are the Chamber of Commerce and Southern California Chess League.

They are now registering for Scout Camps. The two camps you can sign your son or sons up for are Cherry Valley Boy Scout Camp and Catalina Boy Scout Camp on Catalina Island. The food, activities and recreation facilities are excellent, to say nothing about the leadership. Hurry and sign them up soon.

Fifty Years Ago:  
June 29, 1917

Twenty-three students will graduate at the commencement. —Please turn to Page 12

# The Big Money. Class of '87 at California Federal U

If he takes his savings seriously, we'll graduate him magna cum Big Money. That's because California Federal will give his savings the same Big Money treatment we give his Dad and Mom. Being the nation's largest federal savings association, we're past masters at keeping money safe. We have unequalled savings management and assets over \$1.4 billion. And we pay the nation's highest yield on insured savings. Why not enroll your boy or girl in the savings course at our nearest California Federal office? Take the post-graduate course yourself. We'll have your whole family on the honor roll in short order.

**5.25% current annual rate. Compounded daily. Nation's highest yield on insured savings.**

Dividends paid quarterly. Funds received by 10th of any month earn from first of month. After the 10th, funds earn from date received. Funds in account 3 months earn to day withdrawn. Accounts insured to \$15,000 by a permanent agency of the U.S. Government. Established in 1925. Federally chartered and supervised.

## SPORTS

### AS

## Hank Ives

### SEES IT

HOW FAR IS UP?

LEAVE IT TO ATHLETES like Bob Seagren who is threatening to soar out of sight when he gets the vaulting pole in his hands to provide the answer. Just how much higher can the vaulters go? The same question can be asked of the chances of a 7-6 high jump, a 30 foot long jump, a 75 foot shot put effort and a sub 3:50 mile.

OLE HANKUS looks for a bevy of new marks to go in the books at the USA vs. British Commonwealth track and field meet the weekend of July 8-9. In the first place the athletes should be just about at the peak of conditioning. In the second place most of these young competitors will give that little something extra when it comes to playing for Uncle Sam.

NO LESS THAN 12 world, American and Coliseum records went by the boards in last year's hastily constructed International Games. The haste was caused by a last minute pullout by the Russians, remember?

I LIKE THE PROSPECT of watching Jim Ryun get his first real distance competition when he goes against Kip Keino, the Kenya policeman, in the 1500 meters. The same goes for the glamour 5000 meter race where Aussie Ron Clarke will battle Keino and a mighty warrior from Washington State, Gerry Lindgren, who claims he's not afraid of either of the world class stars. It should be the highlight of the local track season.

WOULD YOU BELIEVE DICK WILLIAMS for Manager of the Year? Why not? He has his down-trodden Boston Red Sox sailing majestically along in the first division winning more than they lose. No other Boston manager has been able to make that claim in quite sometime.

The ex-local boy has made good in a big way in his initial managing assignment. Dick was supposed to take over a crew of prima donnas and individuals. He has fearlessly applied all of his own spirit and enthusiasm and molded this into a pretty fair ballclub. Why he even has benched Carl Yastrzemski a couple of times and brother, that takes some real nerve. Personally I think Yaz is one of the best hitters in the game and still stick with my prediction that he will cope the A.L. hitting title. Still, obviously the slick outfielder needs a little jab now and again.

WHOEVER SAID: "The road to success is always under construction," definitely had a point. Just thought I'd throw that in.

GAG TIME: A diehard

Giant fan was asked whom he would try to save if his brother and Willie Mays were drowning.

"Yipe," he roared, "My brother can't even hit minor league pitching!"

WOULD YOU BELIEVE football season is just around the corner?

TED WILLIAMS once told Sam Snead that baseball is a much tougher game than golf. "A round bat and a fast-moving target calls for much more skill than a quiet game of golf," Williams observed.

"Maybe so," replied Sam, "But when we hit a foul ball, we've gotta get out there and play it."

NOT SINCE 1959 has a boxer won "Athlete of the Year" honors. In gemar Johansson turned the trick that year. Would you believe that it won't be a boxer this year? Certainly not the king of the draft dodgers.

A YEAR AGO THIS WEEK . . . Adolfo Phillips of the Cubs set a record by striking out nine straight times . . . Sonny Siebert fired first no-hitter of the year . . . Phil Rodgers won two-stroke victory in Buick Open . . . Jim Ryun streaked to world record 1:44.9 in the 880, a mark that was never approved by the AAU . . . Rod Laver beat Ken Rosewall 31-29 to win round-robin at Forest Hills.

### Steve Wark

#### Trainee In U.S. Forest Service

Steve Wark, son of Bill and Betty Wark, has been training in the U.S. Forest Service since June 20. He applied for position of hot-shot crew member of the Forest Service before he graduated from Pasadena High School this June.

They really keep those fire fighters busy from six in the morning until ten in the evening. They get up bright and early, exercise, train in methods and fire fighting tactics, take classes and lectures on their responsibilities, and learn how to use the equipment properly. Steve has two days off each week. They all do, but the days are staggered so there are always men available. During fire hazard months, the men remain at Oak Grove in case of emergencies. There are facilities for them to eat, sleep, even a washer and dryer so they can clean their clothes without having to leave the area.

Eventually Steve hopes to go to college and major in this same line so he can make the U.S. Forest Service his career.

## You and Your Neighbors

by LYNNE RICHARDSON

Bill Wark and the Sierra Madre Rangers went up to Mt. Pacifico to get in some mountain climbing. His wife Betty went along. She enjoyed seeing the boys practice all they have learned, but decided to leave the climbing to her husband and his group. They really got a workout that Saturday, June 24. These are the same mountains the Forest Service and the Sierra Club train on. The weekend was certainly enjoyable for them all though.

My boss and his wife, Bob and Peggy Evans have been enjoying a visit from their daughter, and son-in-law, Sharon Lynn and Dick Heller, who are here for two weeks from their home in Portland. They brought their five month old baby, Kimberly Kay, who is the Evans' first grandchild, to see her grandparents for the first time. Grandmother Peggy just went wild, she can't do enough or say enough about little Kimberly. Grandfather Bob is already displaying her picture on his desk, he received it as a gift on Father's Day. One of the highlights of their trip was a visit to Disneyland. Candy and Robin, the Evans' two other daughters enjoyed the

### Alpha Psi New Members Chosen

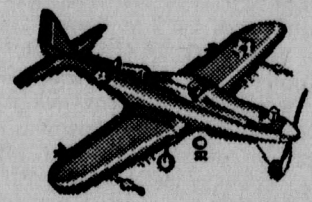

The Alpha Psi Chapter of Pi Lambda Theta, a national honor and professional association for women in education, initiated new members at a recent luncheon meeting at the Los Coyotes Country Club. Among those initiated was Miss Veronica Marchine.

The initiates were carefully chosen by professors at the California State College at Los Angeles, for their superior scholastic achievement and high potential for professional leadership.

The ability to foster creativity and academic excellence at all educational levels is also a deciding factor.

The present membership of the Alpha Psi Chapter totals over three hundred members, mainly from the San Gabriel Valley.

### Help Needed For Vietnam Men For This Christmas

total of 24,000 ditty bags, the contents of which cost about \$4 each. Region III will be purchasing some items in large quantities for the bags, but it is hoped that service groups and women's organizations also will contribute funds for the gift articles.

The Pasadena area's 2,000 ditty bags are being made at the chapter house or its branches by volunteer production workers. They are of a durable material, green or red, 11 inches wide by a little more than 13 inches deep, are French seamed and have a drawstring of good strong tape. Servicemen can use them for personal belongings after the gifts are opened and used.

All the articles in the ditty bags are brand new as well as individually wrapped in gay Christmas paper. A typical Pasadena Red Cross 1967 ditty bag includes a blue plastic soap dish, paper back book (adventure, mystery, Western, science fiction, etc.), pack of playing cards, small address book, about 2 1/2 by 4 inches, nail clippers, ball-point pen, colored wash cloth and air mail writing portfolio.

A holiday greeting card from the American National Red Cross with the name of the chapter or branch sending the ditty bag will be in-

cluded. These will be made for the Pasadena Chapter's quota of 2,000 by the Pasadena area Red Cross Youth, according to Miss Ruth Fay, chapter youth director.

Other items suitable for Christmas ditty bags are plastic cigarette cases, combs, pocket games (small enough to put in the pocket—chess, checkers, pinocle, are popular), mailing-size voice tapes (reels of 3-inch tapes—150 inch length), small vacuum packed tins of nuts or candies, wind-proof-type cigarette lighters (empty), small plastic snapshot holders, kitchen-size and sandwich-type plastic bags (minimum of three and not wax paper), and "wipe and shine" packet shoe polish.

There are some items not suitable for ditty bags and questions can be answered by the branches or chapter volunteer office.

Needed immediately are local service groups and women's organizations to participate by giving funds for Shop Early 1967, perhaps as project of the month, and individual workers who will donate sums ranging from underwriting the cost of one ditty bag (\$4). Volunteers willing to Christmas-wrap the ditty bag items in August should contact the volunteer office of the Pasadena Chapter of the Ameri-

can Red Cross, 799-9041, or their local branch.

Branch Shop Early chairmen will be announced later, but already working on the venture are branch chairmen: Mrs. William D. Martini, La Canada Branch; John McCarty, Monrovia; Mrs. Eric C. Lane, San Marino; and the 1967-68 San Marino Branch chairman, Mrs. Milton Farber; Mrs. Richard Law, Sierra Madre, and the 1967-68 Sierra Madre Branch chairman, Mrs. R. H. Barden, and Frank Stoney, South Pasadena Branch chairman.

SIERRA MADRE NEWS—11  
Thursday, June 29, 1967

by Joseph Delgatto Sr.

The 4th of July recalls many things . . . most important of all, the birth of our nation through the war of independence. It is a day on which we celebrate our freedom, remembering that it was not won easily . . . and it still demands our constant united effort to preserve it.

For many of us, the 4th also recalls other memories, of picnics, brass bands, patriotic speeches, and, of course, fireworks. Nowadays the use of fireworks is more controlled than it was years ago, and there are fewer accidents. But some kinds of fireworks are still dangerous things in inexperienced hands.

And speaking of potentially dangerous explosives brings up another subject we've been meaning to mention, the matter of inflammable home cleaning fluids. Most of those now sold are gasoline or cleaners' naphtha. A pint has the explosive power of a pound of dynamite. The fumes alone are dangerous, and even the friction of rubbing a garment can cause a static spark that will make an inflammable fluid explode.

So, just as you're careful about your children playing with fireworks, be careful with cleaning fluids. Let your dry cleaner clean your clothes . . . safely! Free mothproofing of everything we clean.

**Cal Poly Grads Include Four Sierra Madreans**

Some 850 seniors participated in the Eleventh Annual Commencement Exercises at California State Polytechnic College Kellogg-Voorhis, Pomona, Saturday, June 10.  
Dr. Paul Miller, former president of West Virginia University and now assistant secretary for education, U.S. Department of Health, Education and Welfare, delivered the commencement address. Graduating from Sierra Madre and their degree were: Anita M. Alfaro, Animal Science; Luis O. Alfaro, Agricultural Business Management; Bernadette M. Gohr, Ornamental Horticultural, and John M. Kamowski, Business Management.

**St. Anthony's Annual Festival**

St. Anthony's Croatian Church is holding its annual festival and bazaar on Sunday, July 9, on the park grounds of the Croatian National Association at 11625 S. Budlong Ave., in Los Angeles.

The proceeds will be used to help the expansion of the church halls and rectory neighboring the historical Los Angeles Bunker Hill area. St. Anthony's Church was built in the early 1900's when Los Angeles Civic Center was just beginning to flower.

The festival is a most exciting combination of activities for both spectators and participants: folk singing and dancing in original Croatian costumes, musical program at 3 p.m., dancing for the public, picnic tables filled with barbecued lamb and other Croatian specialties.

Every year this is a fun time, this is Fiesta "Croatian Style."

**Sierra Madre Young Historians Membership Drive**

The Sierra Madre News received the following letter and publishes it in hopes of encouraging participation of young people:  
"I and other young people are forming the 'Sierra Madre Young Historians.' We are now holding a membership drive for young people. Our purpose is to enrich the knowledge of Sierra Madrean young people about our city's history.  
"We would appreciate any one who is between the ages of 11 through 15 and interested in our city's history. For information call 355-8798."

By  
Robert Evans

Let's read it, then re-read it, and think about it:

—CT—  
"Democracy will finally make itself absurd by handing over the decision of all that is greatest, to all that is most incapable. Such an end will be the punishment of its abstract principle of equality, which dispenses the ignorant man from the necessity of self-training, the foolish man from that of self-judgment, and tells the child that there is no need or him to become a man, and the good-for-nothing that self-improvement is of no account. Public Law, founded upon virtual equality, will destroy itself by its consequences. I will not recognize the inequalities of worth, or merit, and of experience; in a word, it ignores individual labor, and it will end in the triumph of the platitudes and residuum." Now isn't that something, and written 100 years ago.

—CT—  
The following is a remark from a Sierra Madre Merchant... "I always wanted my son to inherit the business, but the Government is beating him to it."... And that's not far from being the truth... at least from where I sit.

—CT—  
We will close up the column this week with a short sermon... "Time is the coin of our lives. We must take care of how we spend it. Several days ago I met a man at breakfast who told me with considerable pride that he had watched over 600 consecutive television programs by a well-known comedian. Radio and television have many fine things to offer, but I wanted to ask him why he didn't learn how to spend the hours of his life himself, rather than allow others to spend them for him. A man must discover his own life, and how to spend time, the stuff of which existence is made." I hope, I hope, I hope.

### Bloodmobile Set For Pasadena

Pasadena Chapter of the American National Red Cross will sponsor its monthly community Bloodmobile in the Scottish Rite Cathedral, 150 N. Madison Ave., Pasadena, from 1:20 p.m. to 6 p.m. Monday, June 26.

Appointments, which are every 20 minutes, are requested and persons with appointments will be taken care of as scheduled. Drop ins will be accommodated when time is available. A few time allotments are open for blood bank groups. For appointments or additional information please telephone Pasadena Red Cross Chapter headquarters, 799-0841.

### Welfare Ruling Finds Opposition

The County board of Supervisors today voted maximum opposition to a federal court ruling which held that the one-year residency requirement for welfare recipients was unconstitutional.

Supervisor Warren Dorn noted that current requirements for general relief are three years state residency and one year county. "If this court ruling from Connecticut holds, it undoubtedly would result in mass migration to California and further burdens on the taxpayers of this county," said Dorn.

### Ferrante, Teicher Perform At Bowl

Hollywood Bowl announces the duo-piano team of Ferrante and Teicher with special guest star Laurindo Almeida, guitarist, as the first Saturday evening Pops concert of the 1967 season on July 8. Johnny Mann will conduct the Hollywood Bowl Orchestra and the Johnny Mann Singers.

The appearance of the popular duo-piano team with Almeida replaces Peter, Paul and Mary who were previously announced.

Tickets for all events of the 46th Season of Symphonies Under the Stars may be purchased on American-Express credit cards at the Bowl boxoffice. The season opens July 4 with Van Cliburn, pianist, as soloist with the Los Angeles Philharmonic Orchestra, Eugene Jochem conducting.

### Cobwebs

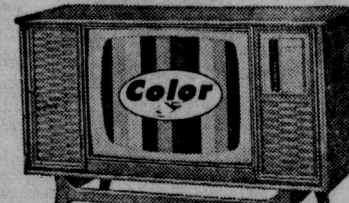

ment exercises in the Sierra Madre Woman's Club this coming Friday evening. They are students from Sierra Madre Public School and their graduation adds to the list of former school graduates, leaving a mark of 114 graduates since the school's beginning.

Miss Margaret Campbell of Los Angeles has taken the Wheatley Cottage on North Auburn for this summer.

Red Cross Relief Fund not only hit the intended goal but exceeded its mark. Of the \$5,000 asked for, \$6,762 has been reached and the drive still is running two more weeks. Sierra Madre Sierra Madre can prove that it stood up to be counted when it was most needed by fellow countrymen to do so.

## Police Officials Present the Truth About LSD and Possible Side Effects On Users

This is a continuing series on LSD and its side effects, presented by the Sierra Madre News as a public service. It is taken from Sierra Madre Police Training Manual and was prepared by Los Angeles Police Dept.

### Part IV

LSD is the most dangerous of all illicitly available drugs, including narcotics, according to the New York County Medical Society. Of all the drugs abused in

### So. California Beautification Leaders Meet

Community beautification leaders from 324 Southern California communities from Santa Maria to San Diego have been invited by Los Angeles Beautiful to attend the third annual "Celebrate With Color" awards luncheon on Wednesday, June 28, at the Los Angeles State and County Arboretum.

As part of its five-year program to make Southern California a blaze of living color in honor of California's 200th birthday in 1969, Los Angeles Beautiful will present awards to communities that have achieved well organized planting programs.

According to Mrs. Virginia Baldwin, chairman of the project and vice president of Los Angeles Beautiful, more than 50 individual community projects have been studied for possible recognition at the luncheon. Of these, six communities will receive awards. The Arboretum will arrange a special garden illustrating the various flowering trees, shrubs and vines that can be grown in this area.

Assisting in the presentation of the awards including the coveted sweepstakes winner will be Frank G. Bonelli, chairman of the County Board of Supervisors. Dr. William S. Stewart, Arboretum director, will speak on flowering plants in Southern California.

Reservations for the luncheon may be made by calling Los Angeles Beautiful at 482-4010.

this country today, LSD-25 is the most dangerous.(7)

Occasional prolonged psychotic episodes have occurred despite elimination from the experiment of psychotic or paranoid personalities and despite the subject's knowledge of the physical presence of an observer.

In a study conducted by Bellevue Hospital, three of eleven patients who developed extended psychoses were felt not to have been psychotic before taking LSD.

In another 52 cases studied there, only 12 were found to have had underlying psychoses or schizoid personalities.(8)

### Is A Person Under

The Influence Dangerous?

Reaction to the drug is unpredictable. Some become passive, suggestible, or confused. Others may interpret a command or an attempt to assist as an attack. The full range of human emotions, from peace to panic, has been experienced by users. Obviously, care should be exercised by any one coming in contact with a person under the influence of this hallucinogenic.(11)

### Who Is Attracted to LSD?

Unfortunately, the people who are high-risk candidates for a mind-shaking drug like LSD are more likely to be attracted to it than others. These are immature, unstable people who misuse other drugs, too. They have been getting into difficulties and much of the adverse publicity has concerned such individuals.(1)

Unfortunately, the idea of LSD seems to have particular attraction for the adolescent. Most adolescents are struggling with feelings of aggression and sexuality, along with the need to establish an identity, and many of them see LSD as offering a "magic solution" for these struggles. LSD provides an intense retrospective experience to the adolescent, and enables him to deny feelings of aggression and sexuality at the same time that it gives him "membership" in the group

of LSD users with a common language and address.(2)

No longer just a promising psychological research tool, LSD has been taken up by a large underground cult. Starting in artistic, Bohemian and intellectual circles, the cult has now become a dangerous fad on the college campuses.(2)

### Does LSD Enhance Creativity?

On the claim that the hallucinogens "free" the mind for creative work, it must be said that up to now there has been any amount of rhapsodical talk and writing, but no responsible proof. Meanwhile, evidence accumulates steadily to indicate that the drug does exert powerful and often damaging effects on the human system.(3)

Another chronic difficulty with LSD is what has been termed "perpetual distortion." This refers to a subjective feeling of improvement concomitant with an objective loss of functioning. For example, a band leader reported his drummer was producing such terrible music that patrons were unable to dance to the band's music, as he was so out of tune and rhythm. Nevertheless, when interviewed, the drummer said he felt he was playing "like Gene Krupa" and was more than satisfied with his music. It has been found that LSD users appear to have actually suffered a loss of their ability to discriminate and to observe.(2)

### What Are the Side Effects of LSD?

There are both acute and chronic side effects, and their occurrence cannot be predicted. Psychiatric interviews and psychological testing do not screen out adverse reactors. Some of the worst reactions have been in persons, often physicians and other professionals, who appeared stable by every indicator. Conversely, others who have had past histories of severe psychiatric problems and have been leading marginal existences have seemed to tolerate LSD without ill effect.

Thursday, June 29, 1967 SIERRA MADRE NEWS-13

## Sierra Madrean To Be Speaker

Thirteen-hundred men and women from cities throughout the country will gather at the Los Angeles Biltmore Hotel on Friday, June 23, for the two-day, 15th Annual Fiesta de Oro convention of distributors of Nutrilite Products. During their Southern California visit the convention delegates will also tour the Nutrilite headquarters at Buena Park and the Technical Center at Lakeview, near Hemet.

Friday's panel of speakers on the subjects of organizing time, developing attitudes, conducting meetings, and the value of husband-and-wife teams, will include Mr. Joe Aisawa, of this community.

## You and Your Neighbors . . .

Bill Groen, owner and manager of the Arcadia Florists, came in to visit and get a subscription to the Sierra Madre News. His wife, Irene, also owner and manager, is originally from Sierra Madre and they like to keep up on all the news. They really keep busy with their shop. Both manage, and Bill also buys three times a week at the flower market in L.A. That's work! You have to be there around 3 or 4 o'clock in the morning in order to get the really good flowers. But their dedication certainly shows; they have the most beautiful arrangements and bouquets I have ever seen! Some of those blossoms are so perfect I have to touch to make sure they are real!

## Letters To the Editor . . .

Dear Editor:

Women are sometimes forgetful, and tend to take good things for granted. Forgive us if we have done this with you. We have worked very hard in this town for a good many years, and have given to many worthwhile needs. We do realize that good publicity, from you, have made many of our events very successful.

So Editor Bob, forgive us for being so familiar, but we do feel you are a very good friend, thank you for your cooperation and help you've given us this year. Specifically, thank you for publicity for Sierra Madre Civic Club, Toy Loan, Youth Employment and Mothers March.

Your friends from Sierra Madre Civic Club, Mary Jones New Publicity Chairman

fact. There is some work to show that persons who place a premium on self control, planning, caution, and impulse restriction, and who sacrifice spontaneity, do particularly poorly on LSD.(2)

**Get Acquainted Luncheon  
Held By Glendale Federal**

More than 30 Pasadena civic and business leaders attended a luncheon meeting on June 19 to "get acquainted" with the top officers of Glendale Federal Savings and Loan Association, which recently merged with Atlas Federal Savings of Pasadena.

Serving as hosts at the luncheon were J. E. Hoeft, chairman of the board of Glendale Federal; Raymond D. Edwards, president; Douglas A. Clarke, executive president; Bruce V. Reagan, former president of Atlas Federal who is now a vice president and director of Glendale Federal; and Roger A. Gurley, former managing officer of Atlas who serves as vice president and manager of what is now the Pasadena Office of Glendale Federal.

Hoeft, a former resident of Pasadena, told the group of the many years the association has been striving to open "this key office" in Pasadena. "This is the type of area we feel at home in and like to serve," he said.

Edwards, in pointing out that Glendale Federal now has 18 offices, noted that "we can honestly say that we have always put more into a community in terms of financing of residential growth than we have taken out in profit."

"We know that almost 30 per cent of Pasadena's families have an annual income of more than \$10,000. We know that Pasadena's average per capita retail sales are the highest of the 10 largest cities in Los Angeles County, and in 1966, Pasadena's average per capita retail sales were 68 per cent above the average for the county."

"Above all, we know that we have settled in a community of solid citizens, and a community we feel it will be a privilege to serve for years to come."

Clarke, recognized as an outstanding authority on mortgage lending, told the group he sees a long-range increase in dwelling units for Pasadena.

"You have urban renewal and community redevelopment plans underway. At the same time, additional freeways leading into Pasadena will increase accessibility and population growth."

"Your growth in the num-

ber of research, development and engineering firms continues. More people, especially more skilled technicians and professional people, means a need for housing of above average calibre."

"We hope, with the millions we have available for lending, to provide financing for prime housing — the types of dwelling that will improve the community and be a sound investment for us."

Reagan commented that what impressed him most about Glendale Federal was that it does not go into a community and "just open its doors. It becomes part of a community by honestly serving it and becoming a partner and a neighbor."

Gurley said that Glendale Federal's position as the fourth largest savings association in the nation, with its assets of more than \$800,000,000, has enabled him to offer greatly improved services to his customers.

One example he cited was the new on-line computer system, which puts the branch in instant communications with the 17 other offices of Glendale Federal and greatly speeds customer transactions.

He also pointed to the extensive remodeling of the office now going on, and invited everyone to visit the facility after July 5 and enjoy the coffee bar and perfume festival, which would be taking place at that time.

The luncheon was held at the Huntington Sheraton Hotel.

**Army Recruiting  
Service Now Open  
In Sierra Madre**

The United States Army Recruiting Service this week announced that it will open a substation in Sierra Madre in the office of the Chamber of Commerce. Operating hours will be from 1 to 5 on the first and third Wednesday of each month. Sergeant Paul Fairbanks said, "This service is being offered the young men and women or their families at this time because of the increased interest in the military."

Persons having questions are invited to visit Sergeant Fairbanks on these dates.

**Hugh Noble  
Laid To Rest**

Hugh Burton Noble, age 66 years, a native of South Dakota, died in Wilseyville, Calaveras County, on June 23.

He was a plastics technician for Sierra Engineering for 19 years and was a Calaveras County resident for the past 11 months. He was a member of the National Rifleman's Association.

Survivors include his wife Dorothy of Wilseyville; two daughters, Mrs. Carol Wright of Georgia, and Miss Melanie Noble of Wilseyville. Six sons Kenneth, Ernest, David, Philip, Ronald and Darryl Noble, all of Wilseyville.

Funeral services were held Tuesday, June 27, at the West Point Community Church in West Point, Calif. Inurnment was at Casa Bonita Crematorium in Stockton.

**Mr. and Mrs. Carl D. Tolle Celebrate  
Their Fiftieth Wedding Anniversary**

Mr. and Mrs. Carl D. Tolle celebrated their 50th Golden Wedding Anniversary in an atmosphere of pink and gold on the balmy afternoon of Sunday, June 25.

Granddaughter Elizabeth Tolle and grandniece Nadine Spears counted 298 names in the guest book they handled for the reception. It's estimated that well around 350 friends from far and near visited the Tolle's home to honor them.

Three couples were the official hosts and hostesses: Mr. and Mrs. Robert Tolle of Arcadia, their son and daughter-in-law; Mr. and Mrs. Walter Nollac of Sierra Madre, Mrs. Tolle's sister and brother-in-law, and Mr. and Mrs. Jim Spears of Sierra Madre, their niece and nephew.

Co-hostesses were: Mrs. Mary Cipolla of Los Angeles, Mrs. Mabel Fosters of Altadena, Mrs. Leih Smith of Sierra Madre and Mrs. Frances Trusty of Long Beach. They helped prepare the refreshments days in advance and served during the reception.

A beautiful four-tiered wedding cake with white icing and pink and gold trimming was served by Mrs. William Papke and Mrs. Prentice Ball during the entire three and a half hours of the reception.

Past Matrons of Altadena Chapter 525 of O.E.S. and Past Queen of Mokattam Temple 12 were in charge of the pouring and serving of the liquid refreshments. Mrs. Tolle received this honor since she once held both positions of Matron and Queen in the O.E.S.

Just recently home from a cruise to Hawaii, which was both a 50th anniversary cruise and a trip for their Shriners and Daughters of the Nile Convention. They toured the surrounding isles before returning home by ship.

Mr. Tolle is originally from Kansas and Mrs. Tolle is from New York. They met while working for the same company in 1913 and were married in 1917 in San Diego.

They came to Sierra Madre to make their home in

**Jazz Combo To  
Be Heard****Monday, July 3**

Fantastic psychedelic sounds of the Quintet de Sade will be heard when Ray Bowman presents Pasadena's own new avant-garde jazz combo on Monday evening, July 3, at 8:30 in the Ice House, 24 N. Mentor Ave., Pasadena.

The quintet features leader David Pritchard, playing electronic guitar and the exotic sitar of North India; Frank Blumer, amplified and Spanish classical guitars; Tom Shepherd, flutes and sax; Dean Karas, drums, and Thom Barnes, bass.

Members of the group reside in the Pasadena and San Gabriel Valley area. Their average age is 17½.

Monday's program will consist largely of original compositions and improvisations by members of the quintet.

New creations will include in "Blue" and a set of "Hindustani Tone Poems," the latter pieces based on the traditional classical music of India.

The Zapata family is sure managing to keep occupied! Fred and Rose are kept on the go with summer here. Their business, Santa Anita Pools and Maintenance, is needed more than ever for cool recreation in the hot days ahead. Daughter Juanita is in San Francisco with a friend. They are visiting friends and taking in the sights. Little eight year old Mary told her mother she never wants to come home. She's visiting some friends in Fullerton and the Zapatas may find themselves minus a daughter for the rest of the summer. Linda, plans to leave for summer camp on July 10. She's looking forward to it because

most of her friends have already departed on their vacations. Johnny is still at home with his oldest sister, Irene and her little girl, Elizabeth. Irene says they plan to do something quite unique on the Fourth of July. They plan to stay home, relax and enjoy their pool!

— ☆ —

Mr. and Mrs. Avedia Constantian of 228 Olivera, are planning for a huge gathering at their home on the Fourth of July. They plan to entertain 75 members of their family. They will be coming from all over the San Gabriel Valley to participate in a real old-fashioned family picnic. They are planning to make homemade ice cream, have a folk music sing-a-long (minus the beads, of course) and feast on all the good food.

— ☆ —

Frieda Shaw and her sister, Peggy Burgess, recently returned home from a 28-day tour of a few of the countries in Europe. They flew to Germany to meet 25 cousins that they had never met before. They stayed a week to enjoy visiting and touring. On to Holland, which was being besieged by rains at the time. Then on to Italy, where they visited Venice, Florence and Rome. Frieda said that Florence still showed evidence of the tragic rains that ruined many priceless art treasures. For one day they enjoyed the lovely, blue Mediterranean Sea from Isles of Capri and Sorrento. Switzerland was by far their favorite country. They said the Alps and countryside was exactly as they imagined it to be. From Paris they flew home, with only one regret, that they couldn't stay longer.

### Dog Rabies Shots Scheduled

Dog owners throughout the unincorporated area of Los Angeles County as well as the cities served by the County Pound system will be given an opportunity to have their pets vaccinated against rabies on a cost basis during the period of July 6 through August 3, County Poundmaster Marvin T. Throunson announced recently.

Rabies inoculations, which are required by state, county and city laws, will be given in specified areas throughout the county between the hours of 7 p.m. and 8:30 p.m. Cost of the injection is \$1.50 per dog.

The goal of the clinic program is to protect as many dogs as possible against rabies, and the service is available to every "dog owner" in the County whether or not they are served by the County Pound system. Dates and places close to Sierra Madre are: July 13, Arcadia, Arcadia Park, 405 S. Santa Anita; July 27, Altadena, Farnsworth Park, 568 E. Mount Curve.

### You and Your Neighbors

by LYNNE RICHARDSON

Mr. and Mrs. Francis Keville of 130 Andrea Lane have had a busy summer so far. They drove up to Novato, in Northern California and picked up their two grandchildren and took them to Yosemite for a vacation. Then they brought Jefferey who is ten, and Kathleen, who is six, down to Southern California to visit them for awhile. Mrs. Keville said both of the children were born in St. Luke Hospital but they moved when their father got transferred to Novato. The Kevilles plan to take them to Disneyland, Los Alamitos, Busch Gardens and other spots of interests while they are here. They will visit for a week before their grandparents take them home.

— ☆ —  
Jay and Wanda Yeats have been entertaining Wanda's sister, Pauline Young from Colorado Springs, Colorado. She was out here for three weeks and returned to her home

June 27. She came out to see her son, Marshall Young graduate from Valley State College. She also got to see her nieces Annette, Suzette and Paulette, graduate from Pasadena High and Mark, her nephew graduate from Wilson Junior High. The Yeats had a luau party in her honor the Saturday before she left. They had about 30 people there. Mrs. Yeats said the highlight of the evening was the palm reader they brought in to read their guests' fortunes. The following Monday, June 26, their son Mark gave a surprise party for his friend Tom Goodall. It was in honor of Tom's fifteenth birthday. Now Mrs. Yeats says she plans to take a nice long rest and recuperate from all these events! I'm afraid her rest will be a bit short lived though, because two of the triplets, Suzette and Annette are returning Saturday, from their trip to Dallas. Paulette meanwhile is enjoying counseling at summer camp.

### Graduate From Pomona College

A total of 279 Pomona College seniors were graduated with bachelor of arts degrees during recent commencement ceremonies on the campus, 78 of them with high honors.

The 78 included 20 who received their degrees "magna cum laude" (with great honors), and 53 who received their degrees "cum laude" (with honor).

The commencement speaker was Maurice Shock. His talk was entitled "Universities: Tradition and Change."

Graduates from Sierra Madre were: Candace Machin Chambers, daughter of Mr. and Mrs. T. M. Chambers, 650 Oak Crest Drive; classics; plans to enter the secondary teaching education program at Stanford University. Graduate of Pasadena High School. Anstruther Davidson, son of Mr. and Mrs. Thomas Davidson, 325 N. Adams; Harvard School; history; Distinguished Military Graduate; plans to study law at the University of Southern California, Los Angeles.

### Lesson-Sermon At Santa Anita

"Emotional Maturity" will be the lesson-sermon at the 11 a.m. worship service July 2 at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia. The public is invited to unite with us. Child care is provided for your convenience.

After a sermonette especially for them, children from kindergarten through eighth grade worship with their parents in the sanctuary for the first 15 minutes of the worship service. High

### Faith Lutheran Hears Message From Rev. Hesse

"Concerned About What?" will be the pulpit message of the Rev. Armin Hesse in the 10 a.m. Sunday worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. The message will center on the first half of the second chapter of the New Testament Epistle to the Colossians, the Biblical book which the pastor is currently presenting under the theme "Acknowledging Christ's Lordship."

The message will point out that Christians have reasons for national and international concerns, which the observance of our National Independence Day again bring into focus. However, "to face these concerns calmly and wisely, Christians who have received Christ Jesus the Lord, need to conduct themselves as being in Him, and endeavor to be rooted and built up in Him. History has shown that a nation is only as strong as the spiritual resources of its people."

The Sunday school and Bible departments will meet at 9 a.m. On Friday evening, June 30, the Mr. and Mrs. Club is sponsoring a swim and steak event at the Duane Halvarson home in Arcadia for all couples of the parish.

Mr. Donald Hingst announces the following youth events for next week: the Walther League sport and fellowship night for all high school and junior college young people on Wednesday at 6:30; and the J-Y night for all of junior high age on Thursday at 6:30.

The Church Board of Trustees will meet on Wednesday night at 7:30; and the Senior Choir on Thursday at 8 p.m.

### Congregational Worship Service

"The All-Important Moment" is the subject of the sermon this Sunday at 10 a.m. worship at the Sierra Madre Congregational Church.

The Rev. David G. Howell will deal with the principle that in the life of a nation or of a person there are one or two, or at the most a half-dozen moments which determine destiny.

Regular church school classes for children through the sixth grade continue all summer. Summer teachers include Mrs. John Wingard, Mrs. Louise Stamer, Mrs. Kenneth Carlson, Mrs. Richard Johnson, and Mrs. Gerald Carlton.

Vacation Church School will be held for one week from July 24 through July 28, from 9 to 11:45 a.m. each day.
